Our Approach

One Conversation. One Dedicated Advisor.

I · Private Consultation. We begin by understanding the occasion, your preferences, expectations, and the level of discretion you value.

II · Curated Proposal. You receive a thoughtfully crafted concept, presenting carefully selected options, a transparent investment overview, and only the decisions that truly matter.

III · Confirmation. Once approved, we secure every reservation, partner, itinerary, and detail with precision and complete discretion.

IV · Seamless Execution. Behind the scenes, we orchestrate every element, remain personally available, and resolve complexities long before they become visible.

V · Ongoing Relationship. Every experience refines our understanding of your preferences, allowing future requests to become even more intuitive, personal, and effortless.

Discretion Is Our Signature

Confidentiality Is Not An Additional Service - It Is The Foundation Of Everything We Do.

Deliberately Limited Client Circle. We work with only a select number of clients at any given time, ensuring exceptional responsiveness, personal attention, and uncompromising quality.

Trusted Global Network. Every partner is chosen for their reliability, refined standards, discretion, and consistent ability to deliver at the highest level.

Absolute Confidentiality. Your identity, personal information, and private experiences remain strictly confidential and are never shared or used for marketing purposes without your explicit consent.

Enhanced Privacy, When Required. For particularly sensitive engagements, additional confidentiality agreements can be arranged before any planning begins.

Engagement & Investment

Each Engagement Is Defined Individually.

Every AQUILA VIRELLI engagement begins with a private consultation. From there, we design a bespoke concept tailored to your objectives, preferences, and the complexity of the experience. As a guideline, most private mandates and curated experiences begin at EUR 20,000, depending on destination, access, timing, staffing, and the level of personalization required. For clients with ongoing lifestyle requirements, a private retainer may be arranged, providing priority access, faster execution, and an increasingly refined understanding of personal preferences. We do not offer predefined packages. We define the right brief, recommend the most appropriate approach, and provide complete transparency before any commitment is made.

Private engagements typically begin at EUR 20,000.

The final scope and investment are confirmed before implementation begins.
